HELP US HELP OUR SCHOOL AND HELP YOU!

Bring in your aluminum cans to Belson Steel Center Scrap here's why:

When you bring in your aluminum cans you get paid! While you are there, give them our schools name and we get points for each pound you brought in. You get paid and we get points. So, it helps both of us! The SCORE program is running now until the middle of April. Make sure you bring in your aluminum cans now! The more you bring in, the better we do. We want to be one of the winning schools. Please help us!

Help recycle and help us earn prizes at the same time!

Bring in your aluminum cans!

Dear Parents, Grandparents, Friends, Family and Neighbors:

We have joined many other area schools and organizations in the Belson Steel SCORE recycling contest.

Will you helps us? It's easy as 1,2,3:

1. Collect your aluminum cans and bring them to Belson Steel in Bourbonnais for recycling. You get paid CASH for the cans.
2. Mention the school/organization name when you get paid. – **Central High School Clifton** Belson's will add one point to our score for every pound of cans that you are recycling.
3. At the end of the contest in April, each school or organization gets \$ for every point. PLUS, the top schools or organizations will win thousands in extra cash and prizes.

Consent to Self Administer Asthma Medication

Illinois Public Act 098-0795 provides new directions for schools concerning the self-carry and self-administration of asthma medication by students. In order for students to carry and self-administer asthma medication, parents or guardians must provide schools with the following:

- Written authorization from a student's parents or guardians to allow the student to self-carry and self-administer the medication.
- The prescription label, which must contain the name of the asthma medication, the prescribed dosage, and the time at which or circumstances under which the asthma medication is to be administered.

A full copy of the law can be found at <http://www.ilga.gov/legislation/publicacts/98/PDF/098-0795.pdf>.

Parent and Student Contract for Neurocognitive Assessment

Student Name (printed): _____ Grade: _____

List Sport(s): _____

I agree and understand that CHS has implemented a program to safeguard student athletes from traumatic brain concussions. I agree that my student athlete will take a computerized examination before the season begins to obtain baseline data for future comparison, if he/she should suffer a concussion or be suspected of suffering a concussion. I understand that before the student will be allowed to participate in athletics again, a satisfactory result must complete the return to learn protocol, meet baseline of his or her neurocognitive online concussion assessment, and complete the return to play protocol. A final determination to play following a possible concussion will be made by a **licensed concussion trained physician (MD, DO, PA, and/or the certified athletic trainer** at Central High School consulting with the physician. CHS reserves the right to not allow student athletes to participate in sports if concussion or brain injury is suspected.

Return to Learn/ Return to Play Policy

In accordance to the IHSA policy and Illinois State Law, a student athlete who is suspected of sustaining a concussion of head injury in a practice or game shall be removed from participating in practice or competition at that time. A student athlete who has been removed from an interscholastic contest or practice for a possible concussion or head injury **may NOT** return to contest or practice unless cleared to do so by a **concussion trained licensed physician (MD, DO, PA)** to practice medicine in Illinois and/or a **certified athletic trainer**.

If not cleared to return to that contest, a student athlete cannot return to play or practice until the student athlete has provided his or her school with written clearance from a **licensed concussion-trained physician (MD, DO, And/or PA ONLY)** to practice medicine in Illinois and/or a **certified athletic trainer** working in conjunction with a physician to practice medicine in Illinois. **If there is a written clearance from a licensed physician to practice medicine in Illinois and/or athletic trainer, the student athlete must complete the return to learn protocol, meet baseline of his or her neurocognitive online assessment, and exertion portion of the return to play protocol to return to their prospective sport according to IHSA policy and Illinois Law.**

If the student athlete signs/symptoms of a concussion persist or signs/symptoms return and/or during the return to learn/return to play process, the athlete will be sent to a **licensed Concussion Trained Physician (MD, DO, PA ONLY)** that practices medicine in Illinois for further evaluation.

(Sign and Return to Athletic Trainer)

Neurocognitive online assessment scores will be recorded once the athlete is asymptomatic from the concussion. Scores will be compared to baseline scores and be made available to parents, student athletes, attending physicians and athletic trainers consulting with a physician. His or her neurocognitive online assessment must be normal when compared to baseline test results for a student athlete to progress to the next step in the return to play process.

Student athletes must be asymptomatic when beginning the following exertion/exercise components.

For each of the exertion/exercise components the student athlete must remain asymptomatic and cannot progress to the next step without waiting 24 hours between each step.

Step 1: 15-20 minutes of Light Aerobic Exercise (Stationary Bike)

Step 2: Sport Specific Training (i.e.: Running; Dribbling/Shooting; Technique Drills in Football)

Step 3: Non-Contact Practice

Step 4: Full Contact Practice

Step 5: Return to Competition/Game

"Consensus Statement on Concussion and Sport: the 4th International Conference on Concussion in Sport held in Zurich, November 2012." Journal of Athletic Training. 2013; (4): 434-448.

If at any time the student athlete experiences reoccurring signs and symptoms of a concussion, the athlete will wait 24 hours and return to the previous step in the protocol and progress according to the above steps.
